

22nd International Vasculitis Workshop

21 – 25 February 2026
Melbourne, Australia

Hosted by

Save the date!

We are excited to welcome you to the 22nd International Vasculitis Workshop in Melbourne, Australia from February 21st to 25th 2026, organised by the Australia and New Zealand Vasculitis Society (ANZVASC).

The Workshop gathers leading experts, researchers, healthcare professionals and the community from around the world to share the latest discoveries and discuss the state of the art of care and research in vasculitis. The interactive and multidisciplinary nature of the Workshop makes it a unique learning and social experience.

This is the first time the Workshop has been hosted in the Southern Hemisphere and only the second outside of Europe and North America. It cements the partnerships of the worldwide vasculitis community with collaborative input from the dynamic and hugely successful vasculitis centres in Europe and North America, as well as key and emerging units from countries in the Asia-Pacific region.
